Claims

In claim 4, line 16, remove " ; and" replace with --- . ---

Reasons For Allowance

The following is an examiner's statement of reasons for allowance:

Claims 1-5 are allowed.

Claim 1 recites a semiconductor device structure including the specific structural limitations of providing a buried insulating film formed in that region of the SOI layer which lies between the source region and the drain region and under the gate insulating film; and a non-doped silicon film formed between the buried insulating film and the gate insulating film in contact with a top surface of the buried insulating film and serving as a channel region. The abovementioned structural limitations are neither anticipated by

nor obvious over the prior art of record. Likewise, claims 2-5 are also allowable as being dependent upon allowable claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Relevant Prior Art

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Ikeda, Adan and Ono each recite SOI semiconductor devices.
